HC-2020R
PROFILE

FEATURES	BENEFITS
Premium grade ECHO engine	✓ Increased performance / extended product life / less downtime
Cooling air intake from recoil cover	✓ Allows engine to run cooler with no blockages
Air filter system	✓ Easy, tool-free access to air filter, even when wearing gloves
Longer, heavy duty cutter blades	✓ For superior cutting performance
Double reciprocating blades	✓ Provide a cleaner cut
	✓ The blades are self-sharpening because of the action of the teeth
Lightweight cutter blade	✓ Reduces operator fatigue
Wider pitch blunt	✓ For safe operation with smooth cutting
	✓ Helps protect user from accidental contact with blades
Vertical fuel filler neck	✓ Enables easier re-fuelling
Lightweight and well balanced	✓ Comfortable to operate for extended periods
Rotatable rear handle	✓ For comfortable operating in all positions

Displacement	Dry weight	Output	Fuel Tank Capacity	Cutter type	Cutting Length	Cutter Pitch	Cutter Blade Thickness	Cutter Clearance
21.2cc	4.6kg	0.6kW	0.39 litres	Double-sided	534mm	35mm	2.5mm	Adjustable

EXTENSIVE WARRANTY

ECHO power tools come with a **five year domestic warranty** or a **two year warranty** in professional use. For the domestic user there is the total reassurance of using equipment designed and built for professionals, and a five year warranty offers even greater peace of mind
(Registration of ECHO products and servicing are necessary to validate the warranty)
