

# CS-2511TES C

## Top Handle Chainsaw\*

Featuring a 0.043 gauge bar and chain for a faster and cleaner cut, the CS-2511TES C top handle chainsaw\* is ECHO's lightest and most compact saw to date. Weighing just 2.3kg (dry weight w/o bar and chain) and with an ergonomic compact design, the saw is both highly manoeuvrable and can be used for long periods with little fatigue.

\* For trained tree surgeons only

**CS-2511TES C  
PROFILE**

**FEATURES**

**BENEFITS**

|  |  |
|--|--|
| <b>0.043 gauge carving bar &amp; chain</b>             | ✓ Lighter than 0.050 gauge / For a cleaner cut                                       |
| <b>Premium grade ECHO engine</b>                       | ✓ Increased performance / Extended product life / Less downtime                      |
| <b>Ultra lightweight</b>                               | ✓ Reduced operator fatigue   |
| <b>Compact design</b>                                  | ✓ Enables the user to manoeuvre the saw in tight spaces                              |
| <b>Oiler adjustment on top</b>                         | ✓ Enables easier operator access   |
| <b>Swing-out lanyard ring</b>                          | ✓ Frees up operator's hands for easier and safer climbing                            |
| <b>Wider tank openings</b>                             | ✓ For easy oil/fuel refilling  |
| <b>Meshed louvers in body</b>                          | ✓ Prevent pine needle and debris penetration into the engine compartment             |
| <b>Starter grip assist cap opener</b>                  | ✓ Helps the user to open the oil/fuel caps, even when wearing gloves                 |
| <b>Dropout prevention nut held on with wire spring</b> | ✓ The nut can't be lost during maintenance   |
| <b>Ergonomic top handle</b>                            | ✓ Comfortably fits the operator's hand   |
| <b>Stage 2 low emissions compliant</b>                 | ✓ Reduced exhaust emissions  |
| <b>G-Force engine air pre-cleaner</b>                  | ✓ Reduces engine exposure to dirt and debris for less maintenance and longer life    |
| <b>Wraparound support handle</b>                       | ✓ Encourages best practice 2-handed operation / Gives improved visibility during use |

| Displacement | Dry weight** | Output | Fuel Tank Capacity | Oil Tank Capacity | Guide Bar Length | Saw Chain Pitch | Gauge  |
|--------------|--------------|--------|--------------------|-------------------|------------------|-----------------|--------|
| 25.0cc       | 2.3kg        | 1.10kW | 0.19 litres        | 0.14 litres       | 25cm (10")       | 1/4"            | 0.043" |

\*\* without guide bar and chain
